Advancing medical care and faith in rural Zambia

Great music, worthy cause!

Mark your calendars for a night of great music! Shomeka is putting on a benefit concert on Nov. 23rd, 7 pm @ Famous Dave's in Uptown featuring 3 amazing bands, great BBQ and fun! We are so excited to have **Greycoats**, an incredible band you can hear on 89.3 The Current, they've just finished a tour and will be headlining the show. **A Thousand Falls** (Adam Swenson and Trev Underdahl) has a Bob Dylan storytelling feel and beautiful instrumentation. Female vocalist fronted indie rock band **Postina** has our very own Andy Root as guitarist/songwriter, songs are inspired by the highs and lows of life and love as well as social justice issues. \$20 suggested donation. Find out more details at www.facebook.com/pages/Plymouth-MN/Shomeka-Outreach!

New Faces

Welcome to the new additions on the Shomeka Outreach team:

Aaron and Kate Kardell,
Board of Directors

Jonathan Paulsen, Web-
site Director

Sarah Hesch, Interna-
tional Coordinator

This year we have been truly blessed by a steep increase in volunteer and

financial support. It has been astounding to experience your generosity, creativity, and various methods of giving! **The Board of Directors would like to extend a sincere "thank you" to all of you who have joined us by donating supplies and services, prayers, and financial gifts**—all to make a difference for these families in need. God is faithful; we thank you.

Adam Swenson & Trev Underdahl; Mission Accomplished!

Adam and Trev spent their time in Zambia involved (but not limited to) the following:

Working with government officials to get through the huge amounts of red tape before building.

Networking with a South African NGO who may be quite helpful with the building and supplying of the clinic.

Clearing the land, burning the brush,

removing stumps from the land, leveling the land: the plot is ready for building!

Contacting many village chiefs in the district of Kazangula to get their input on the clinic.

Encouraging people in the market to come to a free HIV/AIDS mobile testing site.

Listening and cataloguing the concerns of the health workers at the current clinic.

Learning once again that God works in mysterious ways – but He is still working!
